The Improvement Era will contain articles on "The Salmon River Mission" by John V. Bluth, "The Nature and Origin of Man," by John Nicholson, "Theology in Our Church Schools," by Prof. N. L. Nelson, "The Revolution in China," by Dr. J. M. Tanner and "The Boer War" and "Ministers and Monks" by the editors.

C. B. Rampton returned from Mercur Saturday evening. Mr. Rampton has some valuable property in Mercur located on main street in the principal part of town. It has been a year and a half since he was there and he was surprised to see how the town had built up. He said that the people felt a little unsettled since the two great mines—the old Gate and Mercur—had been depleted, however, everything has run along smoothly since then.
